Hi all,

I've attached the latest copy of the AO factsheet for BaP. Kathleen, I think you've already weighed in here, but I included you just to be sure. If everyone could take a quick look today, that would be great. I'd like to send this to the IOAA COB today so they know where we're heading and have what they need if they need to talk to the AO (we can also bring it up briefly with Matt Fritz tomorrow). This is to try and head off any issues like with ammonia.

Thanks!

-Lou
